The Neu G7 for Healthy & Better Living

Neu G co.,ltd

The Neu G7 water system is a novel patented water activator specially designed to convert water to a more natural state that is better than standard portable water, thus enhancing its energy and healing effects and properties. Users of the Neu G7 water activator will benefit from improved skin complexion, alertness and body metabolism, as the Neu G7 helps get rid of radical oxygen and increase lactic Acid Bacterium which detoxifies our intestines to help keep body functions in good condition.

Water Purifier VS Water Activator

While a water purifier removes impurities and chlorine smell in water, the NEU G7 is specially designed to allow water going through the water activator to achieve anti-bacterial, sterilizing and surface-activating agent, and at the same time improving enzymatic activities and external environment of the body.

Our Product Range

Neu G7 series

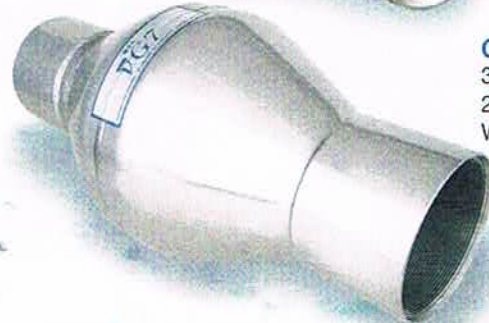

G-7 (25A)
7-core model
88x260mm
Water flow 4.3m³/h

G-7(40A-50A)
7-core model
88x275mm
Water flow 9.8m³/h

G-19 (65A)
19-core model
140x314mm
Water flow 26.0m³/h

G-37 (100A)
37-core model
216x365mm
Water flow 62.6m³/h

G-61 (200A)
37-core model
216x365mm
Water flow 236.0m³/h

G-7F
145x315mm
Water flow 9.8m³/h
Franchise type 1 layer
Franchise type 2 layer
Franchise type 3 layer
Franchise type 4 layer
Franchise type 5 layer
Franchise type 6 layer

Neu Sunkun series

Neu Sunkun
Ø35 x 60mm
ABS resin treatment for device
core 171x1

Neu Sunkun W(DX)
Ø35 x 90mm
ABS resin treatment for device
core 171x2

Neu Sunkun W
Ø25 x 80mm
core 63x2

Neu Sunkun W(R)
Ø25x80mm
ABS resin treatment for device
core 63x2

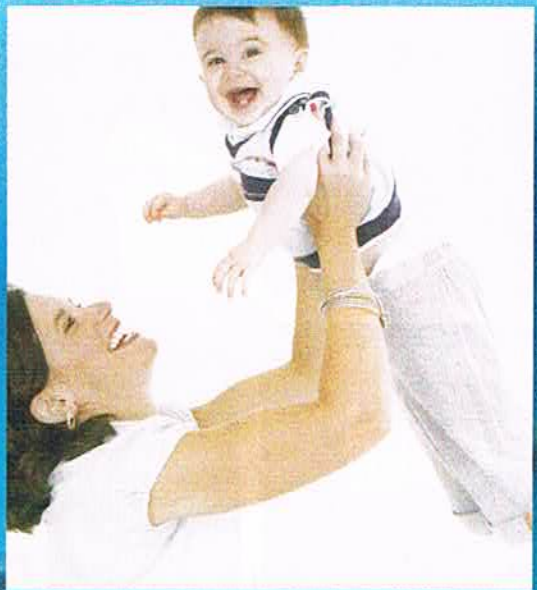

More
Benefits

- 1 hydrogen
- 2 enzymatic activity
- 3 surfactant potency
- 4 Antibacterial Effects
- 5 Cost benefits
- 6 Maintenance-free

1

Increased levels of dissolved **hydrogen** in water. Drinking Neu G7 water greatly helps to slow down and decrease the oxidation process with out body.

2

Increased **enzymatic activity**. Neu G7 water increases Lactic Acid Bacterium in intestine and help to Improve skin conditions such as skin allergy and strengthening immunity.

4

Antibacterial Effects. The use of Neu G7 water results in antibacterial effects that sees less dirt and clogging at the kitchen sink, drain and pipe.

3

Increase of **surfactant potency** of water which allows easy cleaning of restaurant, kitchen grease traps and laundry.

5

Cost benefits. Reduced expenses in cleaning cost, electric expenses and chemical or detergent expenses. Faster delivery time as a result of faster growing crops.

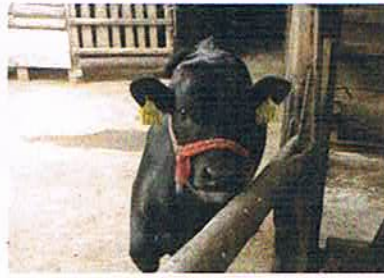

6

Maintenance-free for more than 10 years. Stay free filter changing chores and paying for electrical usage.
